Ginger

Bamboo

The colours listed here may vary. Discrepancies are due to printing processes. The colours were applied translucently to the spruce timber species.

Die hier aufgelisteten Farbtöne sind nicht farbverbindlich. Abweichungen sind drucktechnisch bedingt möglich. Die Farben wurden lasierend auf die Holzart Fichte aufgebracht.

* For complete exterior wooden windows and doors exposed to weathering, we offer collections like Joinery Color Classics and the RUBBOL® Collection, which assure excellent protection.

** Herkömmliche Holzfenster und -türen benötigen einen besonderen Schutz gegen Witterungseinflüsse. Hierfür sind unsere Kollektionen Joinery Color Classic und RUBBOL® bestens geeignet.*
